## **"Build Your Own Accountable Care Organization (ACO): An Interactive Learning Experience"**

Join the **IHI Open School, Emory Health Innovation Lab, Emory-Georgia Tech Healthcare Innovation Program and Emory Healthcare** for a night of interactive learning and discussion as we 'build an ACO.' With the help of senior healthcare leaders from Emory Healthcare and the Atlanta community, students will take on the role of payer, provider and health system as we negotiate with one another to create a functioning ACO that improves quality, reduces costs, and still allows us to meet our bottom line.

*RSVP is mandatory for this event.*
